Re: February 21, 2013 agenda
Date: February 15, 2013

We have items for review by the Joint HPC/Urban Design Committee this month. I've invited the UDC members to arrive at 1:45 p.m. to allow time at the beginning of the meeting for HPC to review Item 3, the "Lead Belly" sign, and to receive an update on the site plan for the Dr. Reynolds House at 26th & Q Street (for action at a subsequent meeting, since I did not receive the request in time for formal action on your agenda). The start of the joint meeting will occur at 1:45 or after, depending upon the time required for the separate HPC items.

I've not received any information on Item #4, alterations to the east "Tool House" building's parapet, and I will discuss with Craig Smith postponing that item to a future meeting.
